### **Clinical Expertise**

Clinical focus is in the area of psychosis, suicide, and community mental health. Experience training clinicians to deliver Dialectical Behavior Therapy (DBT) and Social Skills Training (SST).

### **Development of any Clinical Programs:**

Since 2012, extensive experience designing and implementing group therapy programs for people with serious mental illness. In 2020, cofounded the DBT Clinical Service in the VA Maryland Health Care System, serving 10 to 15 of the veterans in Maryland at highest risk of suicide. Kept detailed program evaluation metrics which demonstrated success (published in 2022 in the journal *Evaluation and Program Planning*).

Since 2023, I have been rolling out DBT programming at multiple clinics across the University of Maryland Division of Community Psychiatry. Founded an on-going DBT Consult Group that supports on-going DBT Skills Groups at UM Midtown, UMMS, and MPRC.

In 2024, founded and currently facilitate a DBT Skills Group at the MPRC First-Episode Psychosis Program.

This year, I am founding a full model DBT program serving patients in the Division of Community Psychiatry, most of whom are on public insurance.

### **Administrative Service**

#### **Institutional Service**

- 2022-present Trainer, Division of Community Psychiatry. Provide clinicians across several mental health clinics training in DBT and ongoing DBT Consult group. Provided a free all-day training in Implementing Dialectical Behavior Therapy (DBT) for Patients with Serious Mental Illness, with 19 clinicians attending for Continuing Education credits. Provided a multi-day training (14-hour) in full model DBT to enable the establishment of a full model program serving low income patients in Baltimore City.
- 2022-present Research Supervisor, Pre-doctoral Psychology Internship Program, VA Maryland Health Care System-University of Maryland Baltimore Psychology Internship Consortium. Co-mentor interns' research rotation, with projects including a successfully submitted F32-grant.
- 2023-present Clinical Supervisor, Division of Community Psychiatry. Provided clinical interns across mental health clinics with weekly or biweekly clinical supervision.
- 2023-present Committee Member: Department of Psychiatry Research Infusion Committee, Department of Psychiatry Research/Engagement Committee, Division of Psychiatric Services Research Engagement Committee.
- 2024-present Research Mentor, Residency Program, University of Maryland School of Medicine. Provide mentorship to Medical Doctors engaging in research.
