OTHER

7/2011-11/2011 <u>Legal Investigator</u>, Public Defender Association, Seattle, WA

The Public Defender Association is one of the four agencies offering public defender services to the City of Seattle. I interviewed witnesses, police officers, performed background checks, wrote Public Document Requests, subpoenas, reports, and was responsible for impeaching witnesses on the stand if needed. I reached dismissals or not

guilty verdicts for every case assigned.
